

ASX/MEDIA RELEASE

27 March 2006

HALF YEAR END REPORTING DATE

Katana Capital Limited (ASX: KAT) (“Katana Capital”) advises that its 1st half year end reporting period has been extended to 31 March 2006. ASIC has made an order to this effect pursuant to subsection 340(1) of the Corporations Act 2001 (“Act”).

Katana Capital sought this order so that it could be relieved from the requirement to comply with section 323D(5) of the Act in having to report its half year end on 19 March 2006, being 6 months after the date of incorporation, which was 19 September 2005. By changing the half year end reporting date to 31 March 2006 it will allow the Company’s accounts to be prepared at month end, rather than part way through the month, which is much simpler from an accounting perspective, and this will, in turn, simplify the audit process.
